### **DETAILED ACTION**

1. The amendment filed on 07/28/11 has been fully considered and made of record.
2. The rejection of claims 16-24 and 26 which was rejected in Office Action mailed on 4/28/11 under 35 USC 103(a); these claims are rejected under 35 USC 103(a) herein for substantially the same reasons as provided in the previous Office Action which is incorporated herein and made a part hereof.

### ***Response to Arguments***

3. Applicants' arguments filed 07/28/11 have been fully considered but they are not persuasive for the following reasons:

Applicants assert that the prior art Yen (US 6,744,634) and Tetaka et al (US 6,159,770) do not teach the dielectric backing film or insulating substrate (Remarks, page 2; Claims 16 & 26). In response to these remarks, Yen does teach a printed circuit board (Fig. 11, 202) well known to be of dielectric or insulating material or the like in order to carry circuitry or electronic components while Tetaka et al teach the insulating resin tape (Col. 30, line 1) carrying semiconductor chips (Fig. 82, 111 or Fig. 173, 412). Therefore, Yen and Tetaka et al at a minimum teach the limitation of the dielectric backing film/tape or insulating substrate to carry circuitry and semiconductor chips of the claimed invention.

Claims 17-24 stand rejected as carefully articulated in the previous Office Action and in view of the responses to the remarks above.

Claim 25 is objected to as being dependent upon a rejected base claim, but would be

Art Unit: 3729

allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 2-9 and 15 are allowed.

### ***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure.

**THIS ACTION IS MADE FINAL.** Applicants are reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
